ACCOMMODATIONS FOR INDIVIDUALS WITH DISABILITIES

Recording Radio Film Connection & CASA Schools is committed to making its facilities and services available to persons with disabilities, and individuals with disabilities are encouraged to apply for enrollment. Recording Radio Film Connection & CASA Schools will provide reasonable accommodations for students with disabilities. Including auxiliary aids and services as long as services do not fundamentally alter the nature of the relevant program, or service provided by Recording Radio Film Connection & CASA Schools. A student requesting an accommodation for a disability must contact the Faculty/Academic Facilitator and complete the “Student Application for Auxiliary Aids or Academic Adjustments” requesting academic adjustments and/or auxiliary aids. To ensure that accommodations are provided in a timely fashion, Recording Radio Film Connection & CASA Schools strongly encourages students to submit all requests for accommodation immediately after enrollment and prior to the first day of sessions, or otherwise as soon as practicable. To request an auxiliary aid or service, please contact the Institutional Director.

What is a disability?

An individual is considered to have a disability if he or she:

- has a physical or mental impairment that substantially limits one or more major life activities; or
- has a record of such an impairment; or
- is regarded as having such impairment.

Qualified individual with a disability means an individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by a public entity.

What is a reasonable accommodation?

A reasonable accommodation is any modification or adjustment to the learning environment that makes it possible for a qualified individual with a disability to participate in the academic program.

The term "auxiliary aids and services" includes:

- qualified interpreters or other effective methods of making aurally delivered materials available to individuals with hearing impairments;
- qualified readers, taped texts, or other effective methods of making visually delivered materials available to individuals with visual impairments;
- acquisition or modification of equipment or devices; and
- other similar services and actions.

Due to the complexity of determining the appropriateness and reasonableness of accommodations, questions regarding accommodation issues, including whether a particular circumstance requires accommodation and the nature of the appropriate accommodation, should be promptly directed to the Institutional Director.

What is the process to request accommodations?

The Institutional Director is the designated school employee who is responsible for coordination of efforts to ensure appropriate academic adjustments and/or auxiliary aids are provided consistently to the student population. Students seeking reasonable accommodations will complete the ***“Student Application for Auxiliary Aids or Academic Adjustments”*** application. Upon receipt of the completed application and supporting documentation, the Institutional Director will arrange an interview with the student to discuss their specific needs. The student may elect to include parent, guardian or other designated agent in the interview session that may validate the nature of the academic adjustment or auxiliary aids needed under the reasonable accommodation provisions. The School may engage an independent evaluation administrator to provide professional opinion to determine the appropriate accommodations are provided for the student. After careful consideration, the Institutional Director will provide the necessary guidance to the faculty members, authorize and requisition additional resources as needed to accommodate the student needs. Periodical reviews will be conducted by the Institutional Director to ensure that the adjustments and/or aids are appropriate. A student seeking accommodations may appeal the decision of the Institutional Director to the Chief Academic Officer as outlined in the grievance process below. *(Please see: What is the grievance or complaint procedure?).*

What is the grievance or complaint procedure?

Should a student have a grievance or complaint concerning any aspect of his or her recruitment, enrollment, attendance, education, or career services assistance, the student should first contact the Mentor or Faculty/Academic Facilitator to whom the grievance or complaint refers. If a solution satisfactory to the student is not reached with the Mentor or Faculty/Academic Facilitator, the student may submit his or her grievance or complaint in writing to the Institutional Director, clearly describing the grievance or complaint. The Institutional Director will review the grievance or complaint, seek resolution and notify the student of the remedy within 10 days. In the event the student is not satisfied with the resolution provided by the Institutional Director, the student must appeal to the Chief Academic Officer in writing within 10 days of receiving the decision of the Institutional Director. The Chief Academic Officer will review the pertinent facts and evidence presented. Within 10 days of receipt of the student appeal the Chief Academic Officer will formulate a resolution. A student may appeal to the Chief Compliance Officer, Chairperson of the

ADA Committee at Home Office of Recording Radio Film Connection & CASA Schools as the final entity seeking a favorable resolution to reported grievance or complaint.

At any time, a student may also contact the following agencies concerning any grievance of complaint about the School: United States of Department of Education, Office for Civil Rights, District of Columbia Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-1475, Telephone: (202) 453-6020, Facsimile: (202) 453-6021, Email: OCR.DC@ed.gov

MILESTONES AND EVALUATION OF SATISFACTORY ACADEMIC PROGRESS

Compliance with Standards of Academic Progress is reviewed for all programs.

Student Progress Review for Clock Hours Certificate Programs

Evaluation Point	Milestones (CGPA and ICR)	Required Action
End of 50% of the Program (100 Clock Hours of 200 Clock Hours)	2.0 and 98% completion of scheduled hours (Minimum 98 Clock Hours)	Academic Advising (if 1st time)
End of 100% of the Program (200 Clock Hours)	2.0 and 98% completion of scheduled hours (Minimum 196 Clock Hours)	Academic Advising (if 1st time) Academic Probation (if 2 nd time)

Program Length: six/nine months

Incomplete Grades

Incomplete grades are given when a student is unable to complete a course because of illness or other serious problems. An incomplete grade may also be given when students don't turn in work or don't take tests. If a student does not make arrangement to take missed tests, a failure grade will be given. A student who misses a final test must contact the Mentor within twenty-four hours of the test to arrange for a make-up examination.

Repeating a Course

Students who do not achieve the minimum passing score for a course or do not satisfactorily complete the course requirements as outlined in the program/course syllabus are required to repeat the course. The minimum passing score for a course is 60-69% – D. All course competencies must also be passed at 60% or better or the course will need to be repeated. It is the student's responsibility to make arrangements with the Faculty/Academic Facilitator. RRFC only allows a course to be repeated once. Failure to achieve a D or better may result in withdrawal from the program. Failure to successfully complete a course, will affect the Incremental Completion Rate (ICR) and the Maximum Allowable Time Frame (MTF).

Evaluation Tools

- Each week students complete a single course with their Mentor which ends in a quiz. The grade of the quiz functions as an indicator that the student is or is not receiving and maintaining the information in a proper way. Testing is conducted online and grading of the quiz or exam is done upon the conclusion of the test. Computerized grading provides immediate scoring of the test and is available to the student at that time. Additionally, the quizzes are reviewed with the student by the Mentor and/or Faculty/Academic Facilitator Staff to ensure the student is receiving proper instruction.
- Each week students are also required to complete one self-reflective journal entry meant to establish their growth and the progress of their education. These are also viewed by the Faculty/Academic Facilitator Staff to ensure students are receiving an effective education.
- Practical assignments are required during the externship to determine level of achievement and understanding. The assignments are typically graded within 48 hours and reviewed with the student.
- Lastly, students are encouraged to participate in the completion of periodic questionnaires. The questionnaires are delivered by the Faculty/Academic Facilitator Staff and assist in establishing student's needs, their expectations, as well as prior experience they might be bringing with them, as well as to gauge their progress and ensure the quality of our educational offering and ensure that our educational objectives and outcomes have been met.

STANDARDS OF ACADEMIC PROGRESS (SAP)

PURPOSE AND SCOPE

The Satisfactory Academic Progress Policy ensures that all students enrolled in a program are maintaining satisfactory progress towards a successful completion of their academic programs. The criteria and standards contained in the policy are set to recognize academic achievements or to detect problems for which actions of early intervention and/or remediation can be taken. These standards apply to all students whether they are eligible for Title IV funding or not. (CURRENTLY RRFC **DOES NOT** PARTICIPATE IN TITLE IV PROGRAMS)

POLICY GUIDANCE

Satisfactory Progress Standards are designed to assess academic progress for classes taken at Recording Radio Film Connection & CASA Schools only and requires both quantitative measurements and qualitative measurements. Students must maintain satisfactory progress toward the completion of their program.

A student must demonstrate Satisfactory Academic Progress by successfully completing courses attempted. Completing courses with C or better grades indicate academic progress. Completing courses with a grade less than a C/70% (2.0) is determined as poor academic performance and may lead to advising, probation or termination. It is important that students attend all sessions and complete them successfully. *Students*

who fail to meet the minimum standards of one or more below the criteria will be notified by the Faculty/Academic Facilitator within seven (7) business days of determination.

The following criteria are used to determine whether or not a student is making Satisfactory Academic Progress. These standards monitor whether a student meets the minimum quantitative and qualitative components. A student must be able to:

- Maintain a minimum cumulative grade point average (CGPA)
- Achieve the minimum incremental completion rate (ICR) and
- Complete the program within a maximum allowable time frame (MTF)

Failure to complete courses successfully for any reason will negatively affect Satisfactory Academic Progress. Failing courses or withdrawing from courses could result in extending the length of educational program. Schedule a meeting with the Faculty/Academic Facilitator, if you are having attendance concerns, and/or feel you are failing a course or courses or falling behind. It is important to understand how these situations will impact SAP.

In order for a student to graduate, the minimum requirements are a CGPA of 2.0 (C), a grade of D – 60% or better on all courses, and satisfactory completion of all required coursework without attempting more than 150% of the hours in the program.

While terms of Advising, Suspension, Probation and Termination are used to describe the administrative action, the status applies to all students.

Any student who has not participated in an academic activity within any thirty (30) day period will be terminated from training at Recording Radio Film Connection & CASA Schools on the thirty-first (31) day of no academic activity.

CLOCK HOUR – CERTIFICATE/DIPLOMA PROGRAMS

Satisfactory progress will be assessed at the following points:

1. At the end of the mid-point, students must attain a minimum CGPA of 2.0 and ICR of 98% of the scheduled clock hours. Anything below these milestones will result in Advising.
2. At the end of the normal program length, students must attain a minimum CGPA of 2.0 and ICR of 98% of the scheduled clock hours. Anything below these milestones will result in Advising. If the student was on Advising at the mid-point and fails to meet these standards will result in Probation.
3. At the end of 150 clock hours, and thereafter, students must attain a minimum CGPA of 2.0 and ICR of 98% of the scheduled clock hours. Anything below these milestones will result in Advising, Probation or Termination.
4. Compliance with SAP is reviewed each course for Clock Hour Certificate Programs.
5. To be removed from Advising or Probation, a student must meet the Satisfactory Academic Progress requirements at the next measuring point.

APPEAL PROCESS

A student may Appeal his/her Probationary Status as follows: A student who wishes to Appeal his/her Probationary Status may do so by submitting a written request to the Chief Academic Officer or designated representative within ten (10) days of being notified that he/she has been placed on Probationary Status.

1. The student must describe any unusual circumstances that the student believes deserves consideration. The basis on which a student may file an appeal includes 1) the death, serious illness, or injury of a relative, 2) a serious injury or illness of the student, or 3) other special circumstances that prevented the student from achieving Satisfactory Academic Progress.
2. The student must identify what has changed that will allow the student to achieve Satisfactory Academic Progress by the end of the thirty days.
3. Once the Appeal is received by the Chief Academic Officer or designated representative, the student will be notified within ten (10) days of the decision to grant or not grant the student's Appeal. All decisions made by the Chief Academic Officer or designated representative are final and cannot be further appealed.
4. A student who provides a successful Appeal may be required to comply with a development plan designed to help the student return to Satisfactory Academic Progress Status by the end of the next thirty days.
5. In the event the student who provided a successful Appeal does not achieve Satisfactory Progress Status by the end of next thirty days the student may be terminated.

CHANGE PROGRAM OF STUDY OR LOCATION- RECORDING RADIO FILM CONNECTION & CASA SCHOOLS

A student who wishes to change from one program to another or earn additional credentials within Recording Radio Film Connection & CASA Schools will be assisted by the Faculty/Academic Facilitator to complete the process. Only those hours and grades required for graduation in the new program will be transferred to the new program and counted toward graduation. A "W" will be posted for those courses that are incomplete at the time of the transfer, and not required for the new program. Based upon review of documentation and advanced standing the applicant will receive a pro-rated tuition based upon successful completion of coursework.

INCOMPLETE

A student who is obligated for the full tuition may request a grade of "incomplete" if the student withdraws for an appropriate reason unrelated to the student's academic status. A student who has received a grade of incomplete can re-enroll in the program during the 6-month period following the withdrawal date in order to complete those incomplete subjects without payment of additional tuition. If subjects have been discontinued, the student will take the class that is most similar to the one needed. No student may graduate with an incomplete "I" grade.

MAXIMUM PROGRAM LENGTH/MAXIMUM TIME FRAME

The maximum allowable time frame to complete a program is 150% of the published length of the educational program.

RE-ENTRY AFTER TERMINATION FOR QUALITY OF WORK COMPLETED (GPA)

- a. Students must be evaluated by the Chief Academic Officer or designated representative to determine if they have the ability to successfully complete the program.
- b. Students terminated for unsatisfactory progress must wait a minimum of thirty (30) calendar days, before re-entry can be approved. The Chief Academic Officer or designated representative may make exceptions to the 30-day waiting period.
- c. After the waiting period, the student will be re-entered on probationary status.
- d. Students who re-enter must retake any course previously failed.
- e. Students who re-enter after termination for quality of work completed will be on probation for 30 days. The purpose of re-entry, a grading period is considered to be thirty days.

RE-ENTRY AFTER TERMINATION FOR QUANTITY OF WORK COMPLETED (ATTENDANCE/HOURS) OR OTHER REASONS

Any student whose enrollment has been terminated for reasons other than not maintaining the grade point average and/or improper conduct must wait at least thirty (30) calendar days before being considered for re-entry. Students who are approved to re-enter return on probation for thirty (30) days. For the purpose of re-entry, a grading period is considered to be thirty days.

ATTENDANCE REQUIREMENTS

EXTERNSHIP POLICY

Physical attendance is required and recorded during the externship portion of the program. Paid externship is not provided by Recording Radio Film Connection & CASA Schools or any of its employees or executives, the Mentor, the station, studio, restaurant or company at which the student is earning externship hours.

Recording Radio Film Connection & CASA Schools has entered into an externship agreement with the student's Mentor to administer the externship and allow the student to participate in the Mentor's responsibilities. The student further understands that some responsibilities may include general intern duties in the studio.

ATTENDANCE

Recording Radio Film Connection & CASA Schools requires that a student attend a minimum of 98% of scheduled instruction at externship sites. Attendance is monitored by Faculty/Academic Facilitator through bi-weekly check-ins with the Mentor and student.

A student is required to attend all externship sessions with his/her Mentor and arrive on time. Two (2) or more unexcused absences, tardies, truancies, or cancellations may result in the termination of the student's enrollment in the program. Although his/her Mentor will work with the student on structuring a specific schedule, the student must agree to be available to meet with his/her Mentor for up to two sessions per week. The student must understand that the Recording Radio Film Connection & CASA Schools courses are documented, and he/she is given credit according to courses completed and in some cases clock hours or days attended.

Every studio session, the Student Services Department contacts each student and Mentor to monitor student attendance.

The Student Services Director may place a student on attendance probation if the student is not maintaining 98% attendance. This status change will result in a formal advisory, which will be sent to the student, indicating the reason for the attendance probation and terms required to gain satisfactory attendance. Failure to meet attendance requirements will impact on-time graduation status and may result in the student being terminated from the program.

Excused Absences for the Clock Hour Programs

Students are expected to attend class on all scheduled class day and should make every effort to attend sessions even if it is only for part of the day. Recording Radio Film Connection & CASA Schools understand that some absences cannot be avoided and may be deemed excused absences. Excused absences are approved by your Mentor and/or the Faculty/Academic Facilitator. RRFC may require additional documentation prior to determining whether an absence is excused or unexcused. The following are valid excused absences:

- Illness, health condition or medical appointment (including but not limited to medical, counseling, dental or optometry);
- Family emergency, including but not limited to death or illness in the family;
- Religious or cultural purpose including observance of a religious or cultural holiday or participation in a religious or cultural instruction;

Lessons missed due to absences must be made-up within five business days of returning to school. Students should meet with their Faculty/Academic Facilitator and/or mentor to get missed assignments. Make-up work may be required to complete the clock hours approved for the program(s). Without completing all the missed hours, the school may withhold the final graduation certificate until the hours are completed.

LEAVE OF ABSENCE POLICY

If an emergency or similar circumstance requires that a student take time off from the training program, the student must submit an application for a Leave of Absence (LOA), which is recommended if the student is unable to participate in any course for more than fifteen (15) days. At the discretion of the Chief Academic Officer or designated representative, a LOA may be granted for a reasonable time, not to exceed 180 days in a calendar year, as warranted by the circumstances. If a student repeatedly resorts to the use of a LOA, and if such applications show a pattern of delays, or should the issuance of a LOA be such that it would significantly interfere with the planned completion of a program of study, the Chief Academic Officer or designated representative may, in his/her sole discretion, terminate a student from the program. If a student fails to return from the LOA at the designated time the student will be terminated.

READMISSION TIMEFRAME AND LEAVE OF ABSENCE

Students are required to complete the program within the established program length for an on-time graduation. If a student obtains approval from Recording Radio Film Connection & CASA Schools for a Program Leave of Absence, or withdraws from training, the student will be allowed only a six (6) month

period to resume training, by applying to be readmitted. If the student does not resume training within 6 months from withdrawal, he/she may not be eligible to receive any further training or job placement assistance.

WITHDRAWAL

A student shall be considered withdrawn from a program if any of the following occurs:

- The student may prepare a written notification and submits it to the Institutional Director. This document must contain the student's name, address, and date.
- The School terminates the student's enrollment for failure to maintain satisfactory progress; for failure to abide by the rules and regulations of the School; for absences in excess of maximum set forth by the School; and/or for failure to meet financial obligations to the School.
